

Classroom Technology Policy

Technology is allowed in my classroom as long as they are used appropriately. This means that certain devices can be used at certain times for educational use. See below for basic guidelines.

Cellphones

Phones must remain on silent. Calls and texting are not allowed during class time unless special arrangements have been made with me.

There may be times when you are allowed to use certain apps during class time on your phone: Calculator, Class dojo etc. I will announce these times.

If phones are being used to play games or text and are keeping you off task, privileges will be revoked.

Kindles and E-readers

Electronic E-readers may be used in my class

These devices may be used for reading books only.

Wi-Fi must be turned off while in class.

Videogames

Video games brought from home are not allowed in class. They will be taken and returned at the end of the day.

There may be electronic day, or special days when you may be able to bring these. These days will be listed on a calendar.

Please be aware that you bring your electronics into my class at your own risk. If any device is lost, stolen, broken, or damaged I will not be held responsible. If devices are used inappropriately I will take them and give them back at the end of class. If the problem keeps happening, a parent must come pick the device up
